

Panduan Aplikasi Web Manajemen User

By Ahmad Andrian Syah

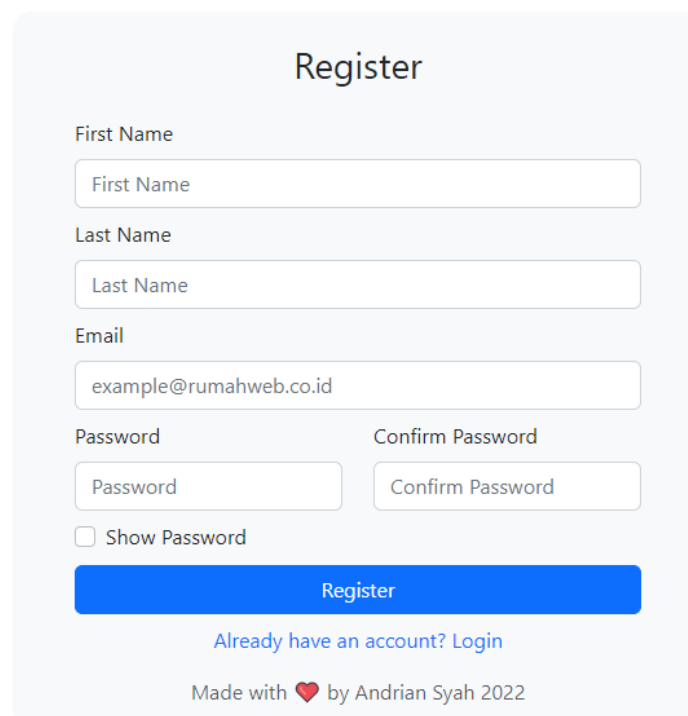

1. Registrasi User

- a. Klik link **Register** yang ada di halaman login.

The image shows a login form titled "Login". It contains fields for "Email" (with the placeholder "name@rumahweb.co.id") and "Password" (with the placeholder "Password"). Below the password field is a checkbox labeled "Show Password". A blue "Login" button is positioned below the checkbox. A red arrow points from the bottom left towards a blue link that says "Need an account? Register". At the very bottom, it says "Made with ❤️ by Andrian Syah 2022".

- b. Anda akan dialihkan ke halaman Registrasi, isi data diri yang dibutuhkan
- c. Kemudian klik tombol **Register**

The image shows a registration form titled "Register". It contains fields for "First Name", "Last Name", and "Email" (with the placeholder "example@rumahweb.co.id"). Below the email field are two side-by-side fields for "Password" and "Confirm Password". There is a "Show Password" checkbox below the password fields. A blue "Register" button is at the bottom. Below the button is a blue link that says "Already have an account? Login". At the very bottom, it says "Made with ❤️ by Andrian Syah 2022".

- d. Jika anda tidak mengisi atau data yang anda masukan tidak sesuai, maka akan muncul pesan kesalahan.
- e. Berikut pesan kesalahan yang terjadi jika isi data diri tidak sesuai

Pesan kesalahan jika tidak mengisi kolom data diri

Register

First Name

First Name

The First Name field is required.

Last Name

Last Name

The Last Name field is required.

Email

example@rumahweb.co.id

The Email field is required.

Password

Password

The Password field is required.

Confirm Password

Confirm Password

The Password Confirmation field is required.

☐ Show Password

Pesan kesalahan jika email tidak menggunakan domain @rumahweb.co.id

Email

Andrian@example.com

The Email field must be from @rumahweb.co.id.

Pesan kesalahan jika password tidak mengandung angka

Password

Password

The Password field must be contains number.

Confirm Password

Confirm Password

Pesan kesalahan jika password tidak mengandung huruf non-kapital

Password	Confirm Password
<input type="password" value="Password"/> ⓘ	<input type="password" value="Confirm Password"/>
The Password field must be contains lowercase.	

Pesan kesalahan jika password tidak mengandung huruf kapital

Password	Confirm Password
<input type="password" value="Password"/> ⓘ	<input type="password" value="Confirm Password"/>
The Password field must be contains upcase.	

Pesan kesalahan jika password tidak mengandung minimal 2 karakter non-alfabet

Password	Confirm Password
<input type="password" value="Password"/> ⓘ	<input type="password" value="Confirm Password"/>
The Password field must contain at least 2 non-alphabet characters.	

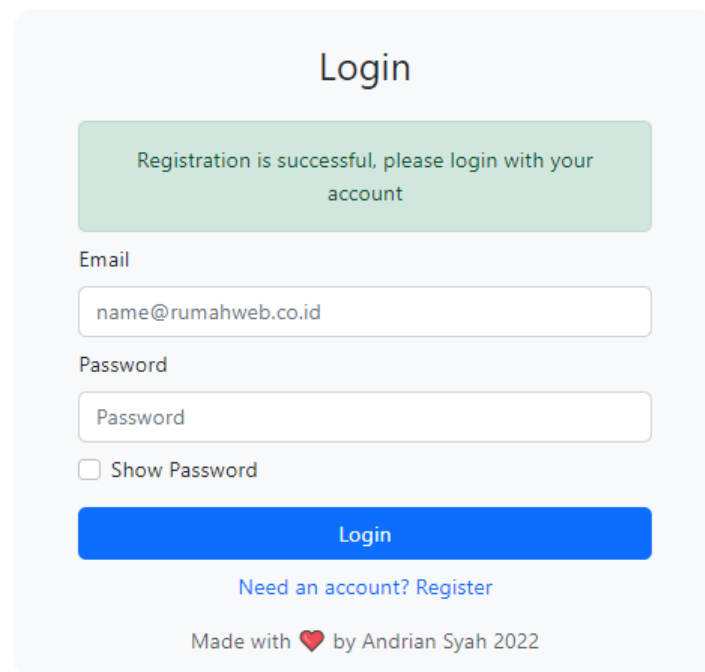

Pesan kesalahan jika panjang password kurang dari 12 karakter

Password	Confirm Password
<input type="password" value="Password"/> ⓘ	<input type="password" value="Confirm Password"/>
The Password field must be at least 12 characters in length.	

Pesan kesalahan jika konfirmasi password tidak cocok dengan password

Password	Confirm Password
<input type="password" value="Password"/>	<input type="password" value="Confirm Password"/> ⓘ
The Password Confirmation field does not match the Password field.	

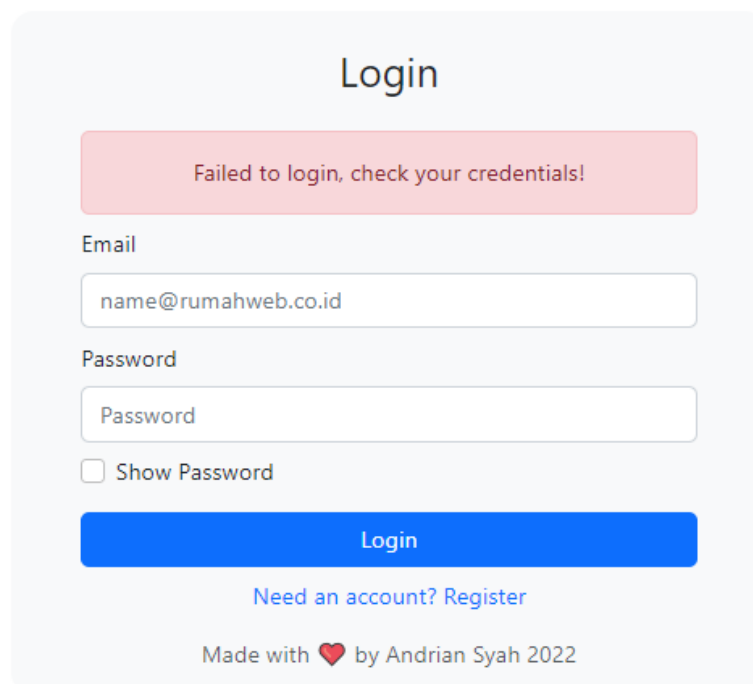

- f. Jika registrasi berhasil, maka akan dialihkan kembali ke halaman login dengan menampilkan pesan registrasi berhasil

The image shows a login form titled "Login". At the top, there is a green message box that says "Registration is successful, please login with your account". Below this, there are input fields for "Email" (containing "name@rumahweb.co.id") and "Password" (containing "Password"). There is a checkbox labeled "Show Password". A blue "Login" button is positioned below the password field. Below the button, there is a link that says "Need an account? Register". At the bottom, it says "Made with ❤️ by Andrian Syah 2022".

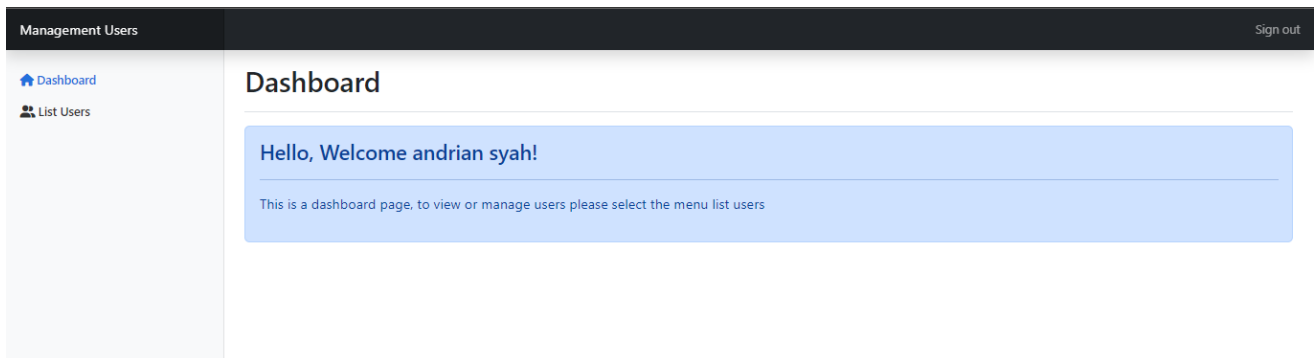

2. Login User

- Setelah selesai registrasi, selanjutnya anda dapat login untuk masuk ke halaman Dashboard
- Isi email dan password, kemudian klik tombol **Login**
- Jika email atau password salah maka akan muncul pesan kesalahan seperti di bawah

The image shows a login form titled "Login". At the top, there is a red message box that says "Failed to login, check your credentials!". Below this, there are input fields for "Email" (containing "name@rumahweb.co.id") and "Password" (containing "Password"). There is a checkbox labeled "Show Password". A blue "Login" button is positioned below the password field. Below the button, there is a link that says "Need an account? Register". At the bottom, it says "Made with ❤️ by Andrian Syah 2022".

- d. Jika email dan password benar, maka anda akan dialihkan ke halaman Dashboard

- e. Untuk mengelola user, anda dapat memilih menu **List Users**
- f. Di halaman list users berisi daftar user, anda juga dapat menambahkan, mengubah, dan menghapus user yang ada.

The screenshot shows the 'List users' page of the 'Management Users' application. The left sidebar contains a 'Dashboard' link and a 'List Users' link (active). The main content area has a dark header with 'Management Users' and a 'Sign out' button. Below the header, the title 'List users' is displayed. A blue button '+ Add User' is located at the top left of the table. The table has columns: '#', 'ID', 'First Name', 'Last Name', and 'Action'. The 'Action' column contains 'Edit' (green pencil icon) and 'Delete' (red trash icon) buttons. The table lists 20 users, with the first 10 visible in the top section and the next 10 in the bottom section. A pagination bar at the bottom right shows page numbers 1 through 6, with page 1 selected.

3. Manage Users

- a. Menambahkan data user baru
 1. Di halaman list user, klik tombol **Add User**
 2. Anda akan dialihkan ke halaman tambah data user
 3. Isi semua kolom yang ada, dan klik Simpan

Sign out

Add user

First Name

Last Name

Email

 Save

List users

User added successfully

 Add User

- b. Mengubah data user
 1. Klik tombol edit, anda akan dialihkan ke halaman ubah data
 2. Isi kolom mana yang akan diubah
 3. Untuk kolom email tidak boleh diubah, sesuai dengan ketentuan dari API *dummyapi.io*
 4. Klik tombol Update

Edit user

First Name

Last Name

Email

*Email is forbidden to update

 Update

List users

User updated successfully

 Add User

c. Menghapus data user

1. Klik tombol hapus, maka akan muncul alert konfirmasi
2. Jika yakin klik OKE, dan data akan dihapus

localhost:8000 menyatakan
Are you sure the user will be deleted?

OkeBatal
